EXCEED YOUR VISION

Epson AcuLaser M2000 Series

High performance A4 mono laser printing for your business

Add speed, efficiency and quality to your office and workgroup printing with Epson's AcuLaser M2000 A4 mono laser series. Combine high-speed 28 ppm and duplex flexibility with simple operation and low print costs.

Choose the model that suits you best: standard version for single user, network version for small workgroups. This compact laser is a fast, efficient addition to any business. From high volume documents to invoices and envelopes, Epson's acclaimed technologies maximise speed and quality and achieve one of the most effective low cost per page printers on the market.

Handle jobs quickly and efficiently with duplex printing as standard, fast processing and Epson MITech Memory Management.

Fast, cost-effective printing – versatile mono laser for all your business printing

Great results – print up to 28 ppm with fast processing and efficient memory management

Print in seconds – Epson Application Specific Integrated Circuit (ASIC) technology processes documents at high speed for fast first page out
