hp business inkjet 2230/2280 series

HP's professional business inkjet printers for reliable, low cost, high performance colour printing. This series is easy to set up and use, offering best-in-class networking to help you meet a range of printing needs.

The HP Business Inkjet 2230/2280 series provides demanding power users and workgroups of 3 – 8 people in small and medium sized businesses with fast, high quality and professionally produced colour documents.

Experience robust networking which makes management and sharing easy.

- Fast Ethernet² and/or wireless 802.11b networking with an installed EIO card for sharing colour printing.
- Simple installation and management from anywhere, using award-winning HP Web Jetadmin software².
- Embedded web server² adds value by enabling the printer to send and receive e-services like: printer and supplies monitoring, printer configuration, diagnostics, troubleshooting, defined e-mail alerts, and supplies ordering.
- Supports all major network operating systems and protocols.

hp business inkjet 2230 printer

High quality colour at a low cost of ownership lets you print a lot more for a lot less.

- Low cost per page in mono and colour.
- Modular ink delivery system has 4 individual high-capacity ink cartridges and 4 separate long-life printheads, so only those cartridges and printheads that are depleted need to be replaced.
- High capacity 250-sheet input tray and optional second 250-sheet paper tray² reduce time spent on replenishment.
- Unwanted print jobs can be easily deleted using the special print cancel button, saving paper, time and money.

hp business inkjet 2280 printer

High performance, professional quality colour inkjet printing for business use.

- HP high performance architecture (HPA™) uses resources of both the PC and the printer to process print jobs more quickly.
- Dual processor architecture¹ – 96 MHz and 167 MHz – handles complex files and documents faster.
- 48 MB standard memory on HP Business Inkjet 2280/2280tn models (upgradeable up to 176 MB) for rapid output even of large graphic files.
- Significantly increased speed in HP PCL 5c and HP Postscript level 3¹.
- Wider printheads and a higher nozzle count increase printing speed.
