**Specifications**

**Network/Software**  
**Printer management** Xerox CentreWare Printer Management for Microsoft, Novell and Unix, CentreWare IS Embedded Web Server, CentreWare Web Administrator, Xerox NDPS Gateway, Usage Analysis Tool (not available on non-networked model)  
**Font capabilities** 136 Resident PS fonts and 45 PCL  
**Printer drivers** Windows 95/98/ME, Windows NT 4.x, Windows 2000/XP, MacOS 8/9/X, version 10.1, Novell NetWare 3.x/4.x/5.x, UNIX (Linux 5.2+, Sun OS 4.x Sun Solaris 2.4+, DEC, HP/UX 11.x, IBM AIX 4.2+, SGI, SCO)  
**Languages** True Adobe® PostScript® 3™, PCL 5c emulation with automatic sensing and switching

**Paper handling**  
**Media input trays** Standard: 200 sheet main paper/ transparency tray. Optional: 500 sheet high-capacity tray (up to 2 can be added – one is standard on the 8200DX), 200 sheet legal paper tray, 175 sheet (100 sheet label) high capacity transparency/label tray  
**Media types** Standard paper tray: 60-150 gsm bond and heavy paper/cover up to 160 gsm, coated or Phaser glossy and High-resolution Photo papers, Phaser 860/8200 transparencies, labels. Automatic 2-sided printing: 60-150 gsm bond and up to 160 gsm heavy paper/cover, and coated/glossy. Manual feed: all of above, plus heavy paper/cover up to 216 gsm and envelopes  
**Media sizes** A4, A5, Executive. Printing margins: prints within 5 mm of all edges of A4

**Special features**  
**PrintingScout** instantly displays pop-up Help if attention is needed during print jobs.  
**PhaserSMART™** provides automated internet-based support.  
**Auto Install** automatically gets you printing over the network in seconds.  
**Productivity tools:** All models: Intelligent Ready, Watermark, N-up, Separation pages, Cover sheets, Negative and Mirror Images, Scaling. Networked models: Remote Printing, MailinX E-mail Alerts, Job Accounting. DP/DX only: Job Pipelining, Booklet Printing. Requires a hard drive: Extended Font Storage, Secure Print, Proof Print, Saved Print, Collation Printing.

**Colour standards** PANTONE®-approved solid-colour simulations, Adobe PostScript device-independent colour, CIE international colour standards, and support for ICC and Apple® ColorSync® colour management systems  
**Colour correction** TekColor Dynamic Correction Colour Profiles selectable from the driver: Automatic, sRGB Display, Vivid Color, SWOP, Euroscale, Commercial, SNAP, Toyo, DIC, FujiProof, Black and White, None

**Operating**  
**Dimensions** width: 432 mm, height: 390 mm, depth: 600 mm, weight: 36 kg  
**Environment** Temperature: Non-operating: -30° to +60° C, Operating: 10° to 32° C. Relative Humidity: Non-operating: 10% to 95%, Operating: 10% to 85%. Noise Level: 33 dBA standby, 51 dBA running  
**Electrical** 90-264 VAC, 50/60 Hz, Consumption: 175 W avg./ 1000 W max. ENERGYSTAR® qualified with ES option  
**Regulatory** FCC Part 15, Subpart B, UL listed to UL 1950, CSA Certified to CSA-C22.2 No. 950, CE Mark applicable to directives 73/23/EEC and 89/336/EEC CDRH, EN 55022

**Total Satisfaction Services**  
 1-year On-site Warranty, online web technical support and telephone support. Innovative service offerings include optional extended Service Agreements. COLOUR PRINTERS BY  
**XEROX**

**the best performer at the best value**

The Phaser 8200 Colour Printer delivers a powerful performance advantage. This means fast printing in real world use, no matter how complex your print job or your business. And, because of its economical price, any office can afford it.

- Full page colour at up to 16 ppm means you're never kept waiting for even the largest jobs to print.
- 9 seconds to your first page. It's the fastest first-page-out speed of any colour printer.
- Built around a high-speed 300 MHz PowerPC processor, with up to 256 MB memory, true Adobe PostScript 3, and an available hard drive (10 GB minimum) for ultimate performance.
- Incredibly priced to give you the competitive edge of colour for about the cost of a black-only network printer.

**Announcing the groundbreaking Xerox Phaser 8200 Colour Printer.**

Designed around our most innovative single-pass print technology to offer unprecedented performance for your office. Even the price is breakthrough. While the print speed alone is enough to turn your head, wait until you experience the incredible ease of use and the stunning image quality.

You'll never look back.

**Phaser 8200**  
**Colour Printers**

**brilliant colour quality**

The true beauty of this printer shines through in your output: text and detail are sharp and crisp, and the colour is so incredibly brilliant, it will get you noticed in the flash of a page.

- Solid ink colour is truer, more saturated and remarkably consistent, page after page, on virtually any media.
- Select the 1200 dpi Photo mode and see your scanned images and photographs come alive.
- Optimise colour automatically with expert colour matching technology that no other printer can match.

**time saving intelligence**

When you connect an 8200 to your network, you can take advantage of Xerox CentreWare software. It provides quick and convenient access to a wealth of features, including printer and job status, in depth accounting information, simplified printer installation and network administration.

Printer administrators will benefit from **CentreWare IS Embedded Web Server** to manage printers from anywhere using a web browser.

**Secure printing** lets you hold a confidential job at the printer until you are ready to pick it up.

The 8200 stays in touch with system administrators by sending **Email Alerts**. It can even be set up to send a message to your reseller when ink supplies get low.

Instant pop-up messages appear on your monitor if printing problems arise, thanks to **PrintingScout**.

The smart 8200 can even troubleshoot on its own. It has **PhaserSMART**, a unique automated internet-based support system.

**easy to use and reliable**

The most advanced colour printer ever is also the easiest to use. In your day to day printing you will appreciate the simplicity and ruggedness of the Phaser 8200. Superior design and smart features make it simple, more reliable and less expensive to operate.

- Just drop a solid ink stick into the shape-coded slot at any time, even while printing. The 8200 is as easy to reload as a stapler. No more fumbling with messy toner. 
- Best for the environment and your budget, because efficient solid ink is environmentally friendly and virtually waste-free. 
- Self-monitoring, so it's ready to print when you are and in energy-saving mode when you're not.
- Out of the box and on your network in minutes with extraordinarily streamlined installation.
- Proven reliability is backed by a 1-year on-site warranty.

**flexible paper handling**

What could be better than gorgeous colour pages that set you apart from the competition? How about the same gorgeous colour on transparencies, business cards and labels? Thanks to the simple paper path, you can feed an amazing range of media through the 8200.

Use the manual feed for heavy paper up to 216 gsm, business cards and envelopes.

Two-sided printing option is automatic and fast.

The 200-sheet paper tray feeds 60 - 150 gsm paper and up to 160 gsm heavy paper/cover stock.

Add one or two 500-sheet high-capacity paper feeders to boost your capacity to 1200 sheets.
